

# ***Spring 2009 Birdathon!***

## ***Audubon Society of Forsyth County***

On Saturday May 2, 2009 Audubon Society of Forsyth County will conduct its annual Spring Count and Birdathon. Each year, our Spring Bird Count helps determine the overall health of the bird species that we all love and enjoy watching. As you know, bird populations also are good indicators of our community's environmental health.

As part of our Spring Count, Birdathon raises money for local and state Audubon programs. Half of the money raised is used locally for conservation projects and the remainder supports Audubon North Carolina's Coastal Sanctuaries program, a globally significant habitat on the N C coast.

Please help the Audubon Society of Forsyth County (ASFC) continue its education and conservation efforts by contributing to our Birdathon. You can send a specific amount (no amount is too small) or pledge an amount per species identified during Birdathon (we generally spot 110 – 130 species). Any contribution you make is tax-deductible.

Please send your contribution, payable to ASFC, to Audubon Society of Forsyth County, P O Box 15111, Winston-Salem, NC 27113.

Below find a handy pledge form, which you may mail to the address provided on the form. Thanks so much for your consideration.

### ***Audubon Society of Forsyth County's 2009 Birdathon Pledge Form***

Name: \_\_\_\_\_

Address: \_\_\_\_\_

City/State/Zip: \_\_\_\_\_

\_\_\_\_\_ I (we) would like to pledge \$\_\_\_\_\_ per species spotted during 2009 Birdathon
